"Call on the Lord"

I believe that God loves me and sent His only Son, Jesus, into this world to bring news to us regarding forgiveness of sin and the free gift of salvation which allows me to have a personal relationship with Almighty God. I have always believed that God desires to communicate with me personally and cares about every detail of my life.

I saw God do miracles in my life and this ministry in 2008.

When I *called upon God* in secret for a new car last year, within 6 days I received an e-mail from a friend who wanted to sell me her car—the exact car model for which I had *called* on the Lord.

When I *called upon God* in December because we were over \$15,500 in the red, He gave us all but \$395 dollars that was needed to end the year in the black. And since that time we have received a number of gifts that have taken care of that deficit.

When I *called upon God* last fall because we needed to find another camp to rent for this year, I received a response from a camp within 10 minutes after I sent out the e-mail request.

And I could go on and on. Constantly He shows me great and unsearchable things in order to bring me into a closer personal relationship with Him.

As we begin 2009, I look forward to the many things my personal God will do this year as I continue to *call upon* Him.
