## Session Overviews

### Free Falling? - Or Foundationally Fixed?

Generation Zed: Christine Goss

*(Track 1 - This seminar will run the entire morning.)*

Do you ever think about your own faith? Are there times you feel like you're free falling, not sure what you think or believe? Are there times when it's okay to question God? What about this generation? How do they think about faith, foundations and "feelings" in the realm of a relationship with God? How can we be foundationally fixed and still free in the Lord? How can we be effective in our ministry to this generation of "free fallers?" Come get the answers to these questions and more as we think about Truth, HE being Jesus!

"I am the Way, THE TRUTH, and the Life!" (John 14:6)

### Flyers and Fiddlers A Focus on "The Smarts"

*(Multiple Intelligences)*

JK Williams

*(Track 2 - This seminar will run the entire morning.)*

*Scenario.* You walk into your Explorer Girls' meeting and you see the following: Two girls are literally flying around the room. One girl is falling asleep on the floor. Three girls are following one of the flyers trying to figure out where she is flitting. Two other girls are fast becoming friends as they chit chat their free time away. Still there are others who would rather fiddle with a good book and forget that anyone else is around. Some are looking forward to reciting their verse up front, while others are frozen in time just thinking of doing the same thing! So many folks with so many different faces! How can you effectively focus on each friend? Come hear how using your "SMARTS" can help fix the problem. This interactive session will leave you amazed at God's creativity!

### Forming a Firm Foundation

*Basic Teacher Training*

November 7 - Patty Bendorf

November 14 - Diane Dudley

*(Track 3 - This seminar will run the entire morning.)*

Finding it hard to effectively get a "feel" for where your girl's minds and hearts are? Trying to focus the Bible lesson to fit the needs of your audience? This session is fashioned to help you look at the Explorer Girls' curriculum as a whole and use all of it's facets to their fullest potential!
